EASY GRIP HANDLE

Cummins. MAXAW 717

with exclusive **MAJIC PIVOT**

Now save time . . . save money . . . and have fun doing it yourself with this deep-cutting champion of the Portable Electric Saw field. The MAXAW 717 with MAGIC-PIVOT makes all cuts in full 2" dressed lumber with blade to spare . . . cuts deeper at the 45 angle than other saws with blades up to one inch larger in diameter — yet is so compact you can use it with one hand! This unequalled ease-of-handling lets you zip through home repairs and hobby chores in record time. Accurate cuts are assured every time by sturdy calibrated Saw Shoe and Rip Fence Guide. Built-in blower keeps cutting line 100% saw dust free. Really the value of the year for every craftsman.

MAXAW 717 SPECIAL . . . \$49.95

Model 304

Cuts 2 1/4" at 90 degrees, 1 1/2" at 45 degrees. Blades take twice as many sharpenings and still make all straight and angle cuts of 2x4's.

New finger-tip lever-locking bevel adjustments — instantly sets saw to cut 2x4's at any angle up to 45 degrees.

1/4-IN. DRILL

Tops the field for popular priced pistol grip drills. Available with Geared Chuck. Plenty of power and stamina to drill 1/4 inch diameter holes in steel, 1/2 inch in hardwood. Breezes through all building and repair jobs in home, shop and garage. Shorter, more compact design — easier to handle overhead, to use under work or in small cramped spaces. Smooth flowing power drives sanding discs, polishing pads, wire brushes, grinders, buffers, Cummins Saw Attachment and other accessories.
